### **2018 Club Champions**

Men's Club Champion – Albert McBrayer

Senior Club Champion – Bill Miley

Super Senior Champion – Bill Miley

Congratulations to our 2018 Club Champions and thank you to everyone for playing!

The double elimination format this year took longer than expected to finish, thus we will not be continuing the double elimination in the future. It was the intention for players to get to play more matches and meet more fellow members, but it just took too long. We will look at going back to single elimination or making the club championship a stroke play event going forward.

### **Golf Shop Items**

Coming in December are logo sweaters from Cutter&Buck. Be sure to check the golf shop for these (and other products) as Holiday gifts for yourself or golfing partner!

The golf shop has begun using a new tee-sheet and point-of-sale system and with it, a new website. Members and public are now able to book tee-times online through the booking engine found on our website homepage. Your email address will control your account access.

There are a few demo clubs still available for purchase. Clubs will be sold as-is for a discounted price. Please ask the golf shop for details.

### **From the Course**

On December 4<sup>th</sup> Levi will be spraying an application of herbicide on the greens for Poa-Annua. Typically, we have waited until mid-January to make an application but feel that perhaps we can get on top of the weeds before they have gotten too big and able to defend the chemical.

Winter projects have begun on the course. Mainly irrigation and tree trimming are on the docket for this winter, and there are plenty of both that need attention. Please be mindful of the crew if they are in an irrigation hole or running a chainsaw.

Wet weather is obviously here and with it is going to come times of cart path only. Please understand the need for cart to remain on the path. If you request special (handicap) cart permissions that is possible on certain days. You will need to get permission from the golf shop if you think it may be dry enough for you. Frost delay are also possible during the winter months. Please do not proceed to the course on cold mornings until the staff has given the all clear. Thank you all for your understanding.

### **From Tee's**

We have some small menu changes coming so be on the lookout for those. Also, we're taking reservations for the upcoming holiday season. Be sure to call us early for the best selection of dates for your holiday parties!

### **2018 Club Champions**

Men's Club Champion – Albert McBrayer

Senior Club Champion – Bill Miley

Super Senior Champion – Bill Miley

Congratulations to our 2018 Club Champions and thank you to everyone for playing!

The double elimination format this year took longer than expected to finish, thus we will not be continuing the double elimination in the future. It was the intention for players to get to play more matches and meet more fellow members, but it just took too long. We will look at going back to single elimination or making the club championship a stroke play event going forward.

### **Golf Shop Items**

Coming in December are logo sweaters from Cutter&Buck. Be sure to check the golf shop for these (and other products) as Holiday gifts for yourself or golfing partner!

The golf shop has begun using a new tee-sheet and point-of-sale system and with it, a new website. Members and public are now able to book tee-times online through the booking engine found on our website homepage. Your email address will control your account access.

There are a few demo clubs still available for purchase. Clubs will be sold as-is for a discounted price. Please ask the golf shop for details.

### **From the Course**

On December 4<sup>th</sup> Levi will be spraying an application of herbicide on the greens for Poa-Annua. Typically, we have waited until mid-January to make an application but feel that perhaps we can get on top of the weeds before they have gotten too big and able to defend the chemical.

Winter projects have begun on the course. Mainly irrigation and tree trimming are on the docket for this winter, and there are plenty of both that need attention. Please be mindful of the crew if they are in an irrigation hole or running a chainsaw.

Wet weather is obviously here and with it is going to come times of cart path only. Please understand the need for cart to remain on the path. If you request special (handicap) cart permissions that is possible on certain days. You will need to get permission from the golf shop if you think it may be dry enough for you. Frost delay are also possible during the winter months. Please do not proceed to the course on cold mornings until the staff has given the all clear. Thank you all for your understanding.

### **From Tee's**

We have some small menu changes coming so be on the lookout for those. Also, we're taking reservations for the upcoming holiday season. Be sure to call us early for the best selection of dates for your holiday parties!
